Core Solutions

MR® CHEMIE
NDT-MATERIALS

PENETRANT TESTING

MAGNETIC PARTICLE INSPECTION

UV TECHNOLOGY

LEAK DETECTION

EQUIPMENT & TEST LINES

SPECIAL PRODUCTS

Core Focus!

ECO-LINE

ECO FRIENDLY PRODUCTS
FOR A SUSTAINABLE FUTURE

German
Technology
delivered
locally

Integrated Supply Chain from Germany & India

Manufacturing Plants in **India** & **Germany** to ensure uninterrupted supply chain from our factory to your door or project site.

Price Match **Guaranteed**

Wide range of Accessories & Equipment

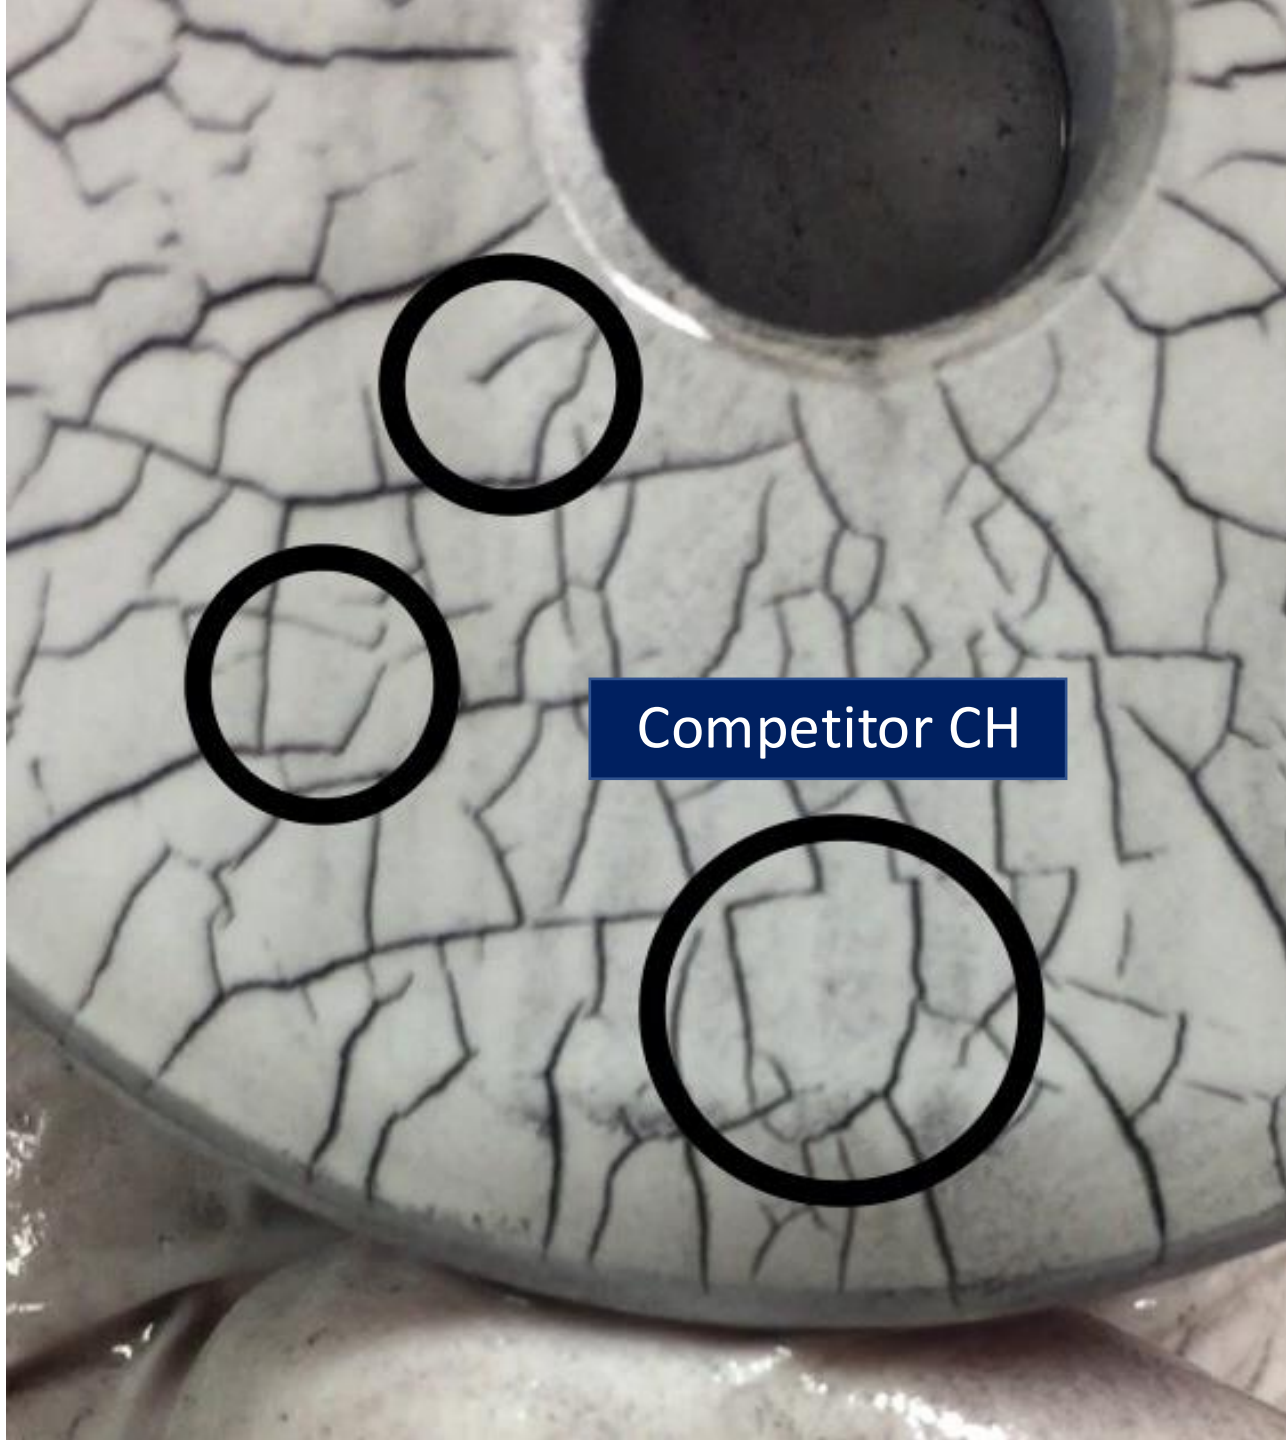

Masters of Specialty NDT

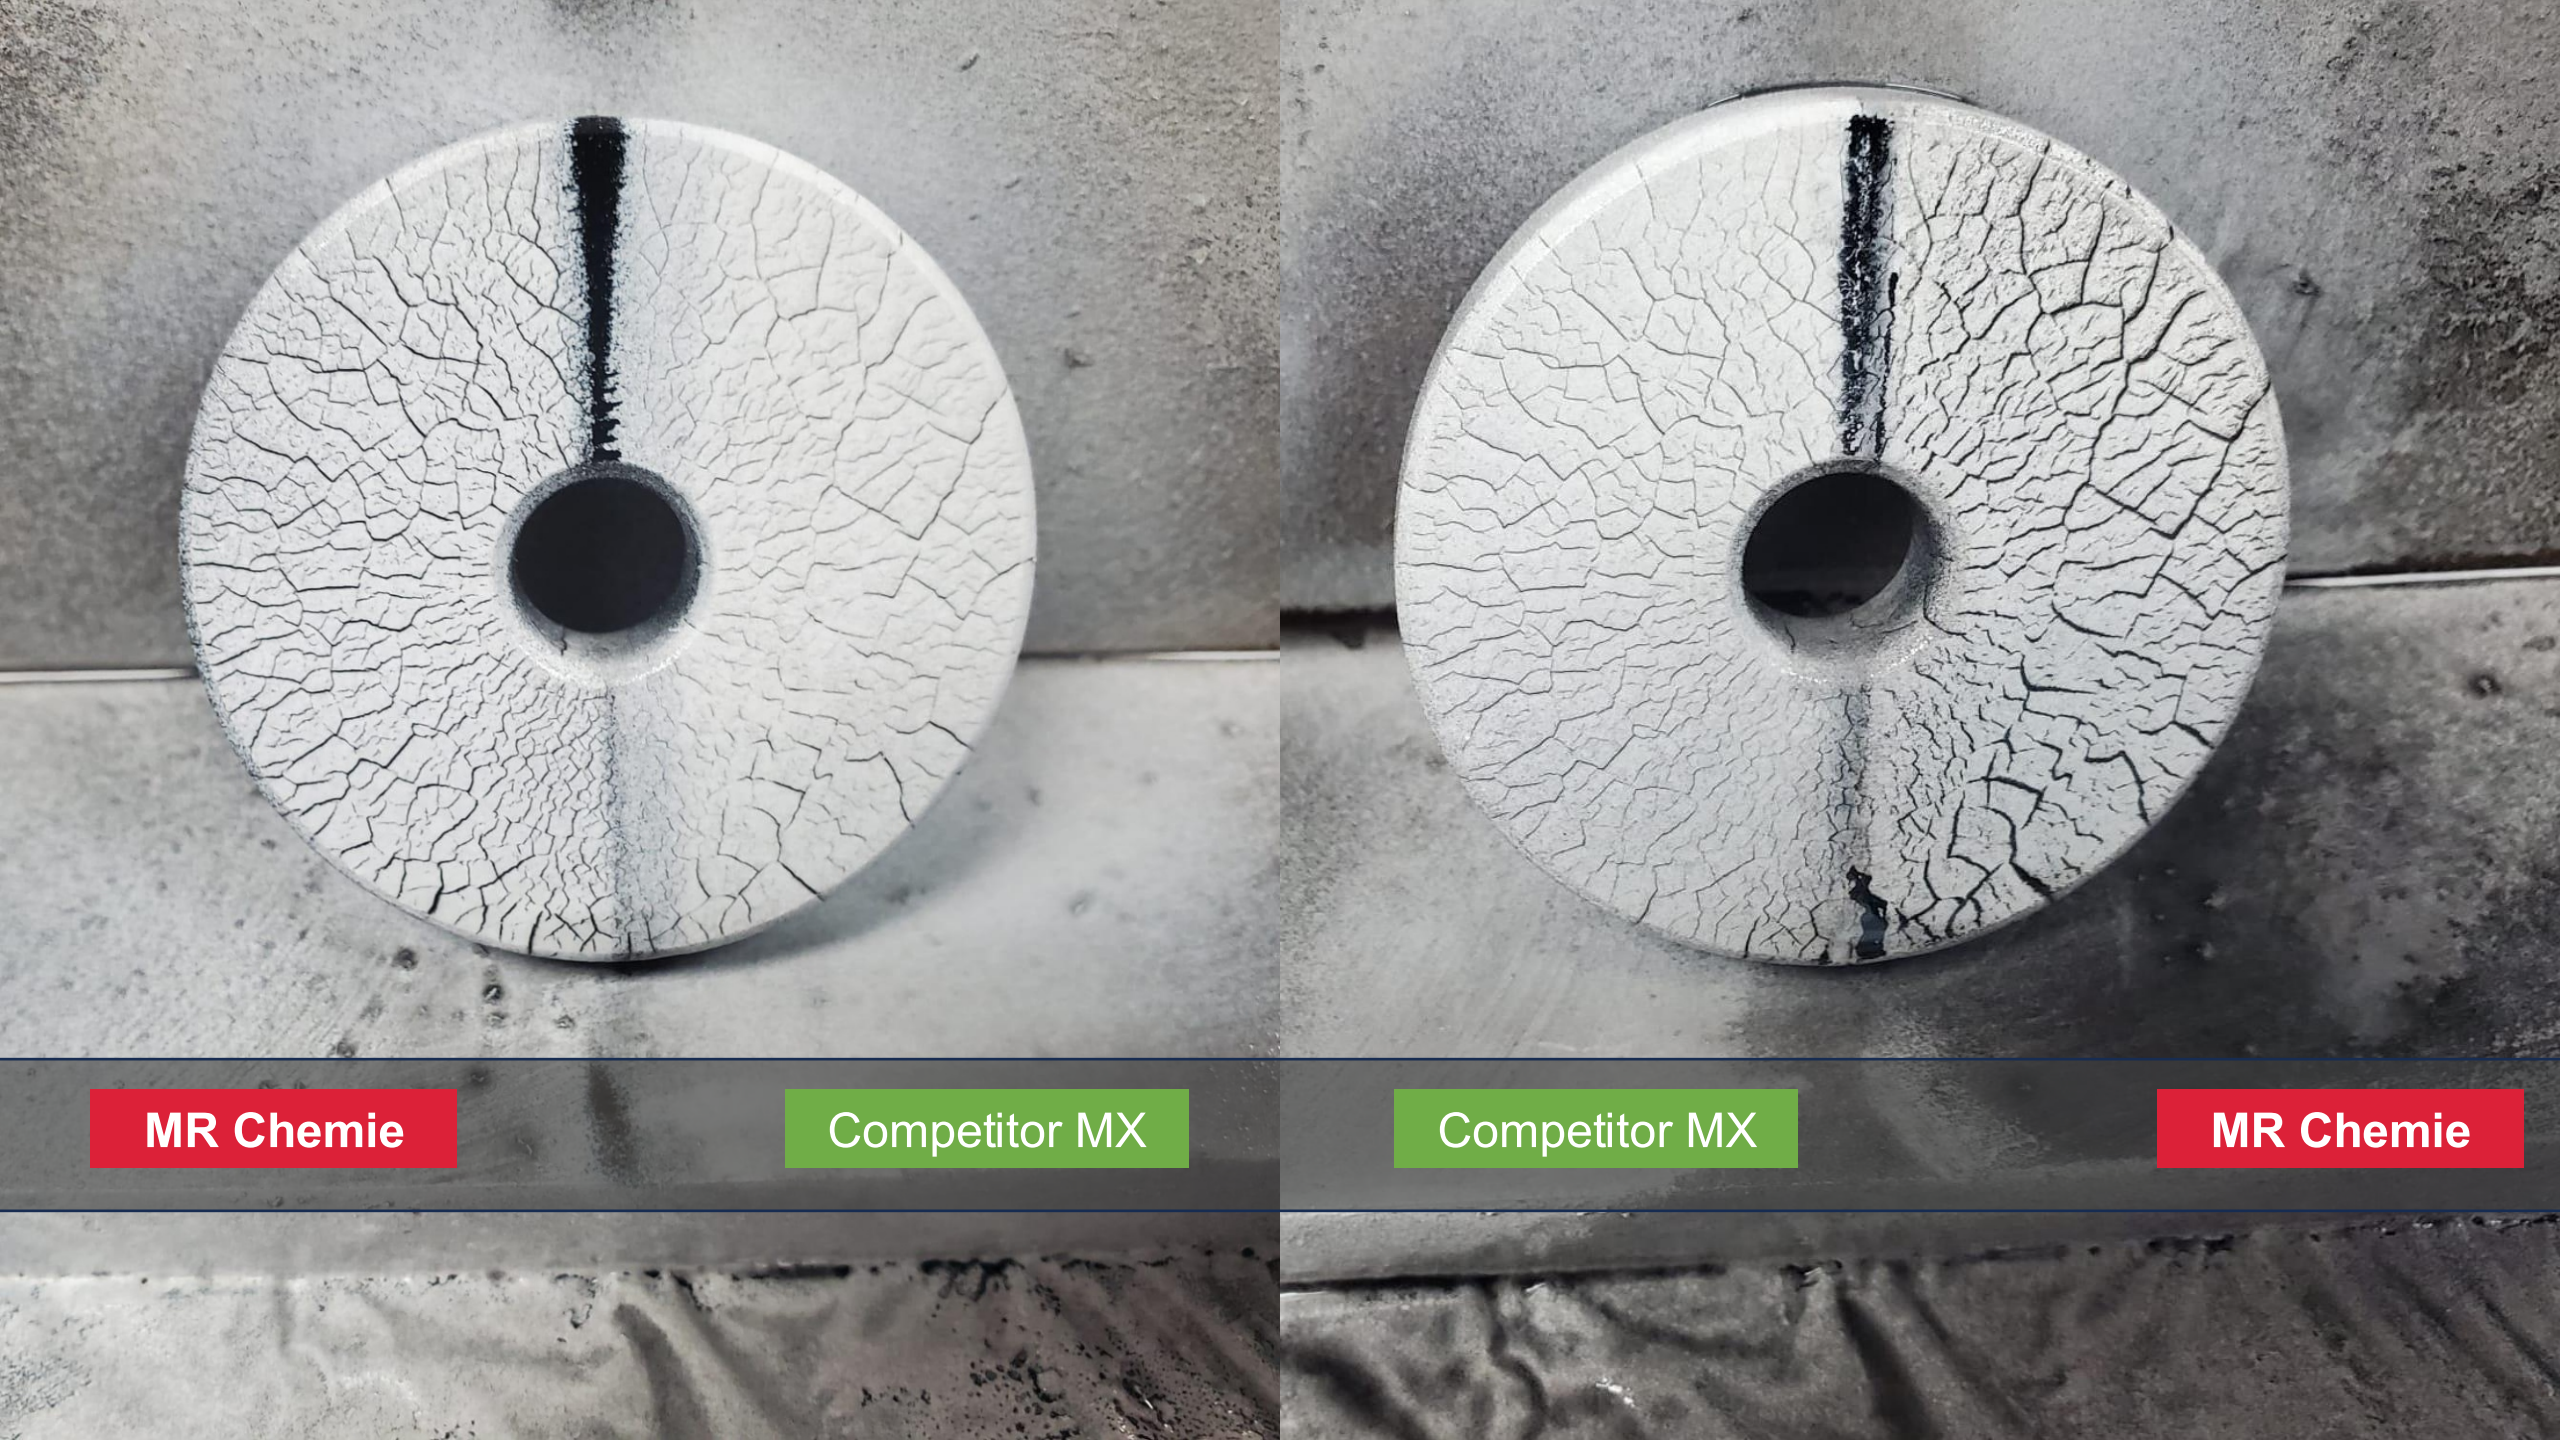

WHY MR®?

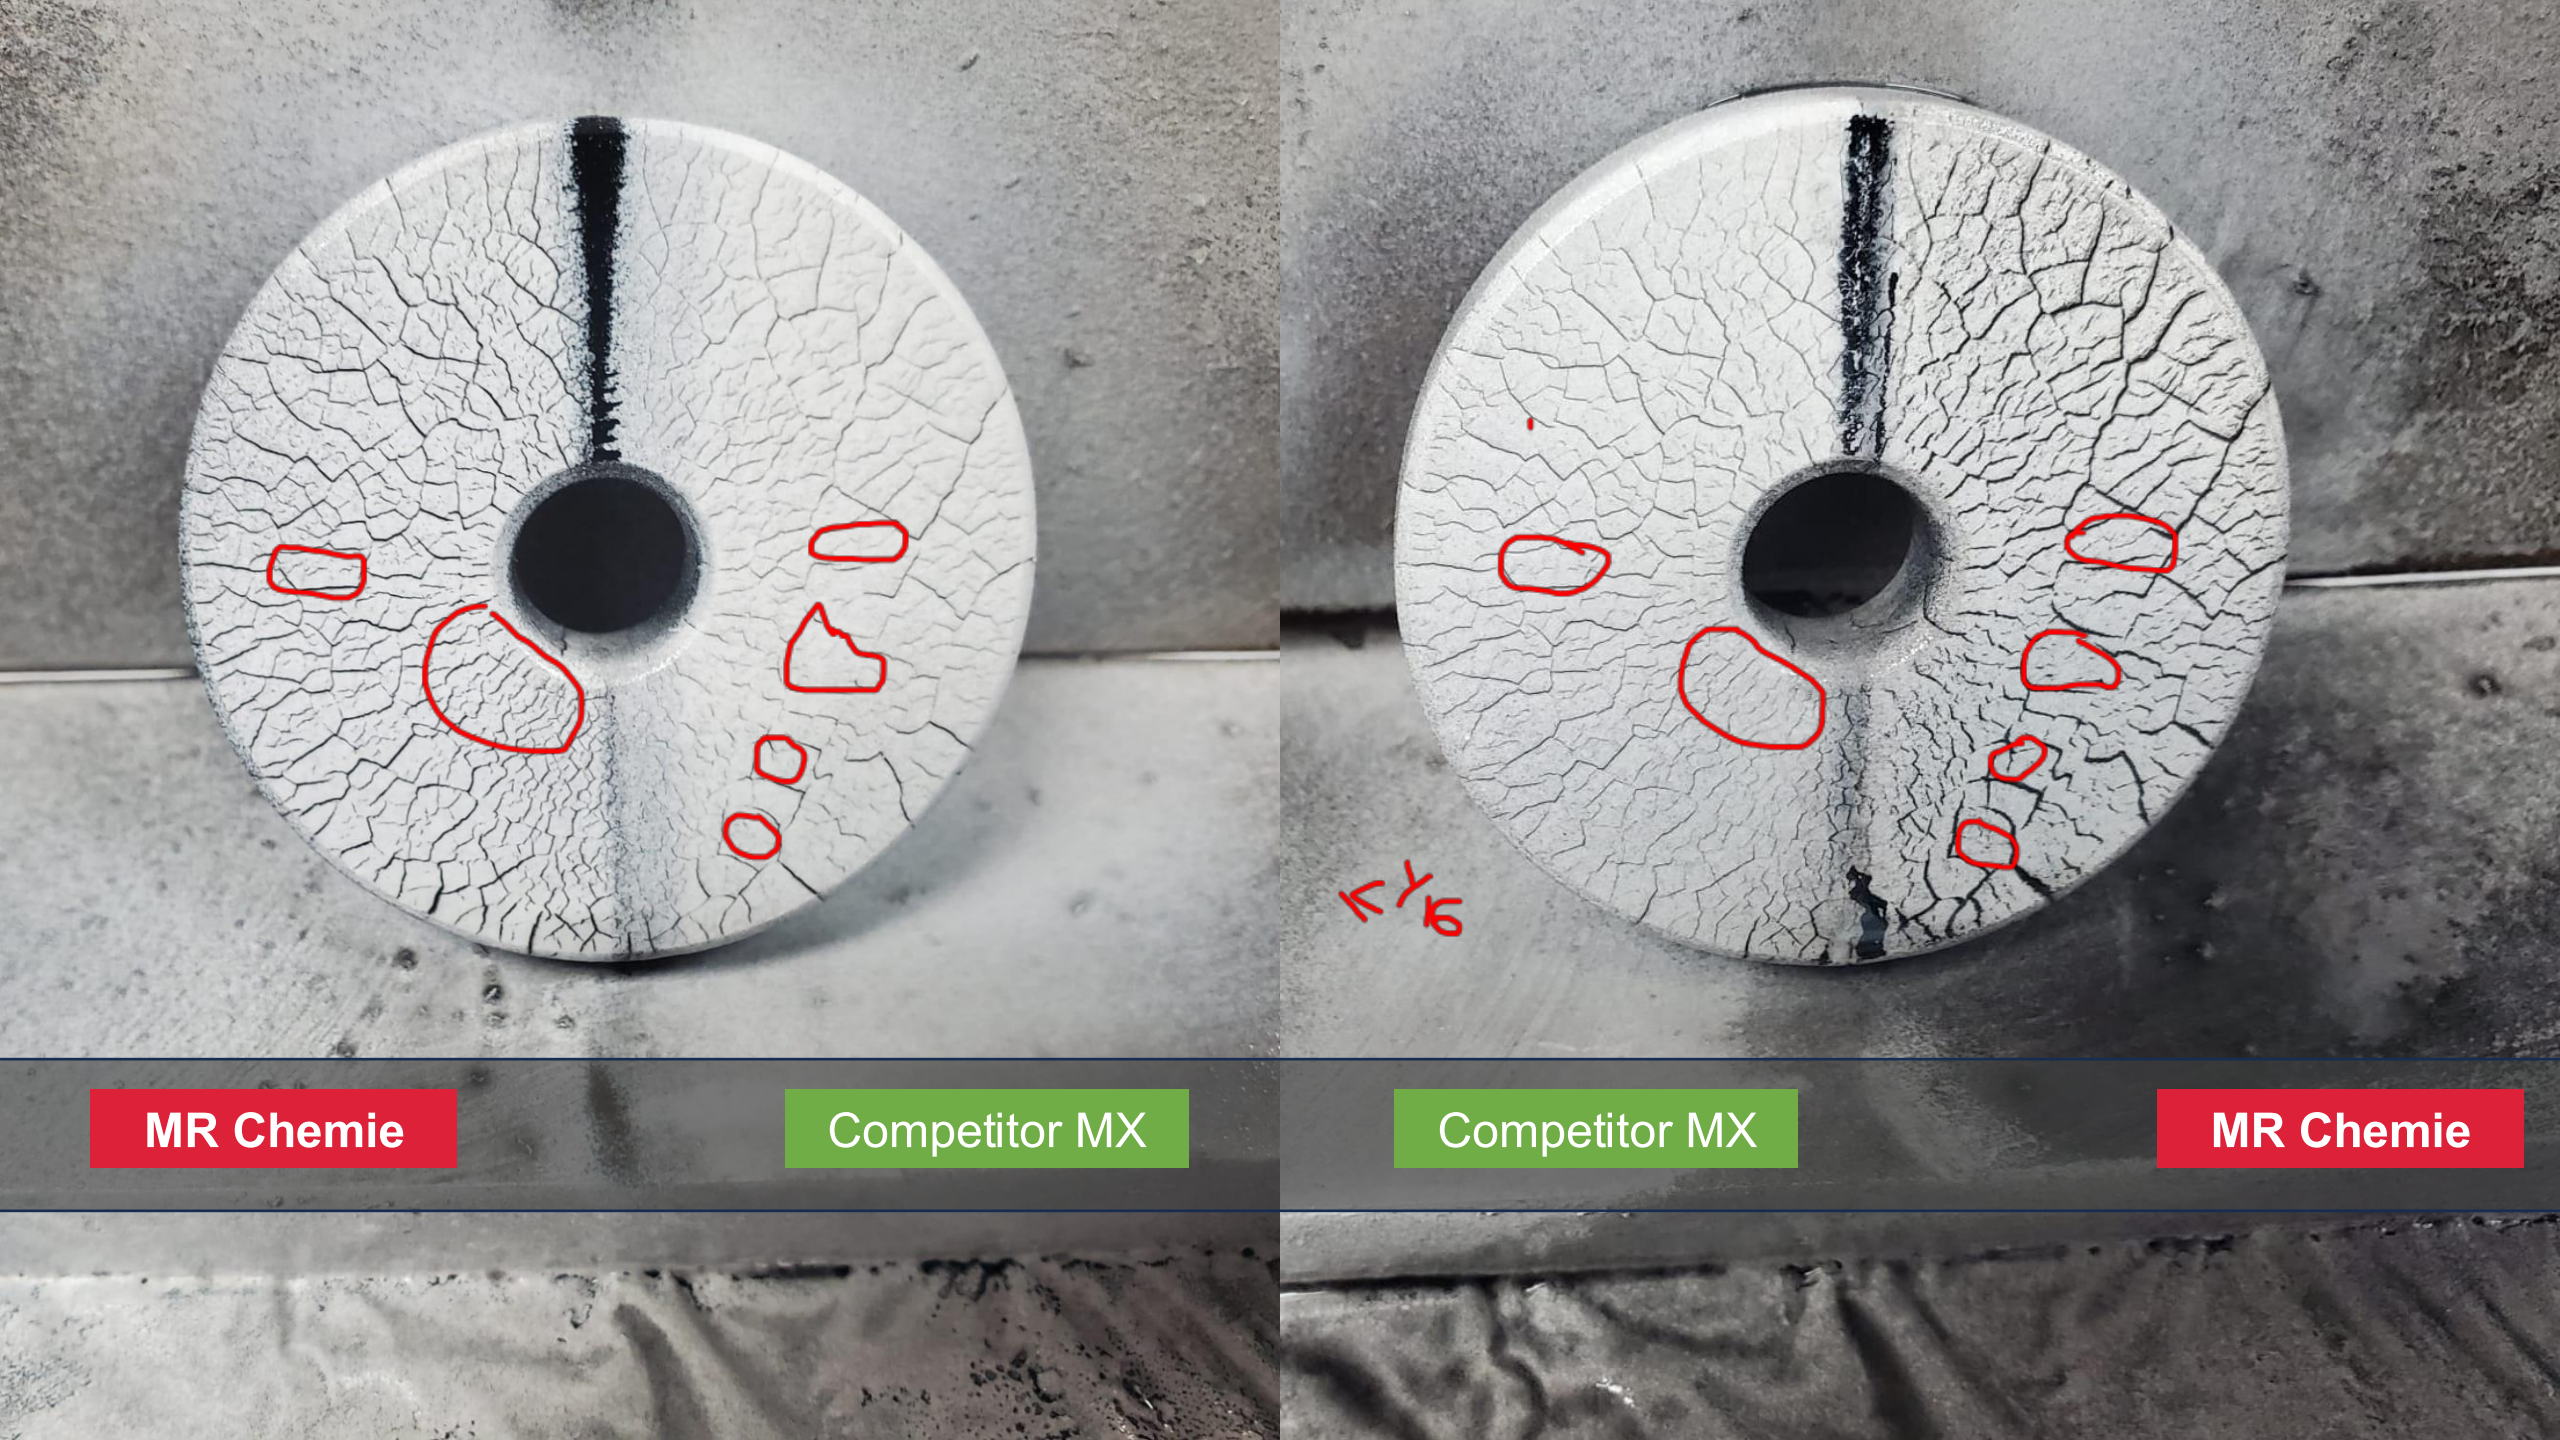

Best in Class Sensitivity & Reliability

MR® DRY POWDERS
COLOURED AND DUAL ACTION

Dry Powder	Colour
MR®230	Red
MR®231	Grey
MR®232	Green
MR®233	Yellow
MR®234	Blue

Temperature - <315°C
Particle Size - 15-60µm

All our Dry Powders are **ECO-LINE**

ECO-LINE

Infinite Possibilities..

Proudly

Non – Toxic
Non – Carcinogenic
Biodegradable*

High Performance Chemical Manufacturer

SPECIAL PRODUCTS

Special Applications

1. All new patented NDT testing method - Riluminati
2. Food Grade (NSF registered) Penetrants
3. High Temperature Penetrant Testing up to 200°C in visible + fluorescent method
4. Low temperature Penetrant Testing up to -30°C
5. High Temperature MPI testing - wet visible method up to 185°C
6. High Temperature MPI testing - dry method up to 500°C
7. Special Biodegradable "Eco-Line" solutions - human & environment safe
8. Special Non-Flammable solutions for confined area inspections
9. High Temperature Ultrasonic Coupling Gels for up to 350°C
10. Pocket Size marker pens (Piccolo Pens) for Penetrant Testing.
11. Dye Penetrant test in under 30 seconds!
12. Fluorescent MPI in broad day light!
